

What is the 'admin' email address for?

A Joker.com reseller usually has two registered email addresses with Joker.com, one for the 'robot' emails, and another for administrative tasks.

Reseller **news and monthly invoices** will be sent to the **administrative address**. The '**robot**' address corresponds to the standard address associated to the Joker.com login.

All **notifications resulting from domain orders, renewals and modifications** will be sent to this address.

This **address for notifications** can be changed easily in '[My Profile](#)'.
