

## 1.9 Nameservice

# Who can modify name server records?

## Name Server Records

If Joker.com is providing the nameservice, the **owner of a domain** (the Joker.com-account which registered the domain) is able to add nameserver records like [IP addresses, URL- or email forwarding entries](#) and similar.

Additionally, this owner may [assign 'roles' to other Joker.com accounts](#) - the roles '**Admin**' and '**DNS-Admin**' then also are enabled to enter or modify this sort of data. This can be used to delegate the DNS administration to another Joker.com-User.

Unique solution ID: #1101
