

## 1.3 Domain Registration

### Who gets the receipt of a domain order?

#### Domain order receipt

We do send receipts by email only:

- to the email address of the **login account**
- to the email address of the **Default Billing Address** you set in "[My Profile](#)"
- to the email address of the billing role - **only in case such a role has been created (granted)**

The postal address of the receipt is the same as of the billing contact used.

We do **not** send invoices by regular mail.

Resellers do also get a **monthly invoice** for all sales of the month before, VAT-IDs are accepted.

Please check [here](#) to find out more about 'roles' resp. 'billing role'.

Unique solution ID: #1058
