

1.3 Domain Registration

What domains do I own? I need a list.

List of your Domains

Your domain name is associated with your **Joker.com login account**, i.e. the account you registered them with.

Please login to Joker.com, and visit "[My Domains](#)". There you also find an icon for creating a "print view".

In case you miss a domain in this list, please check [I can't see my domain\(s\) after logging in!](#)
