

1.5 Change of Registrar = Transfer of a Domain

How do I transfer my UK domain to Joker.com?

Transfer of UK Domains

The transfer of a .UK domain works like most other domains, but no AUTH-ID is required:

- please place an order for a UK transfer on our [regular transfer page](#)
- you do **not** need to enter an [AUTH-ID](#)
- then please **initiate your transfer request** with **your current registrar** as well, and request to release the domainname **to the new TAG** of our registrar, which is **JOKER**.
- we will add the domain to your Joker.com account as soon as **Nominet** (the .UK registry) notifies us that the domain has been released by the current registrar.

If you have trouble at your current registrar transferring your domain, you can also do so [directly with Nominet](#). Alternatively, [we will be also happy to help](#).
